

Third party web and cloud based service providers

Alstonville Public School utilises services offered by third party web and cloud based providers. These services enhance student learning, school administration and communication.

This year Alstonville Public School will be using the following service providers which require access to limited personal information about students and their parent/s caregiver/s. For further information, refer to the third party service provider's privacy policy.

Third party service provider	Services	Personal information required by the service
Mathletics	Digital curriculum-aligned learning activities https://www.3plearning.com/privacy/	Student name, class, year, Department of Education email address
Reading Eggs	Digital curriculum-aligned learning activities https://www.3plearning.com/privacy/	Student name, class, year, Department of Education email address
Seesaw	Online portfolio of student learning that can be shared individually with families https://web.seesaw.me/privacy-policy	Student name, class, year, Department of Education email address, parent name, parent email address

These services all require the school or student to provide some student personal information to enable access to their service. At times schools may also be asked to provide personal information about parents/carers such as that provided at the time of enrolment. Third party service providers store this information in a location outside the Department of Education. In some cases the information may be stored in another state or off-shore.

Alstonville Public School is seeking your consent to disclose to these service providers the student and parent/caregiver information required to access their services.

You can find out more about the service providers and their privacy policies by accessing the links. If you require further clarification about these services you can contact the Front Office.

Please complete the attached consent form.

Consent to use third party web and cloud based service providers

Student Name: _____ Class: _____

Please circle the appropriate response below:

I **consent** **do not consent** to the use of Mathletics for my child

I **consent** **do not consent** to the use of Reading Eggs for my child

I **consent** **do not consent** to the use of Seesaw for my child

I acknowledge that my child must abide by the conditions of acceptable usage set out in the Department's Online Communication Services: ***Student use of digital devices and online services policy*** and that any breach of this policy may result in disciplinary action in accordance with the school's behaviour and welfare policy.

I also consent to third party service providers accessing personal information and understand where personal information will be stored.
